Darrian Traynor
Gaza's Forgotten Voices

The Israel/Palestine conflict has made headlines for decades due to its complexity and tenacious refusal to succumb to a resolution. On a trip to the Gaza Strip, Darrian witnessed and documented the impact this destructive conflict has had, and continues to wreak, on the lives of ordinary people.

Darrian produced Gaza's Forgotten Voices after being invited into the homes of people to hear their stories. From ages of 5 through to 78, stories of pain and loss repeated.
